AWA *ALL-IN-ONE* STUDIO CONSOLETTA FOR AM, FM, TV

The A.W.A. Consolette type 1G59390 is a high quality broadcast audio control unit providing complete input facilities for small broadcasting installations or booth control of large studios. The monitor amplifier and power supply are all included in the cabinet and metering facilities are provided for all valve circuits. In emergency the monitor amplifier replaces the programme chain, from any input. Designed for operating convenience, accessibility and ease of maintenance, it combines functional styling with attractive appearance.

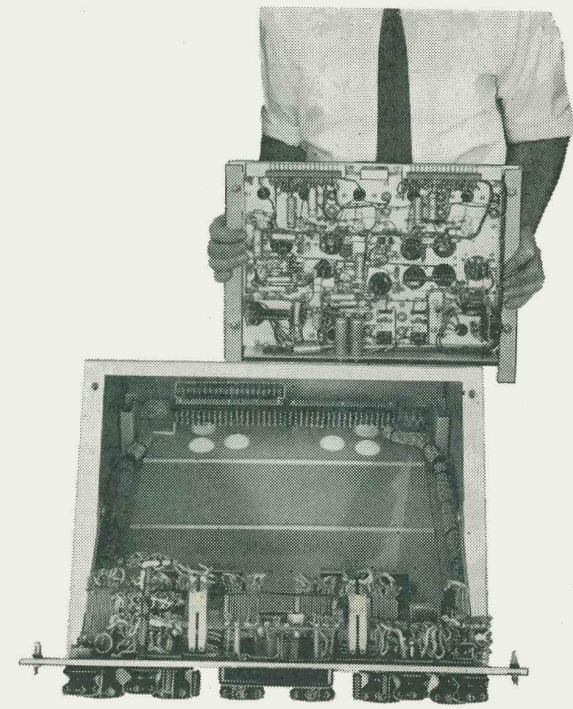

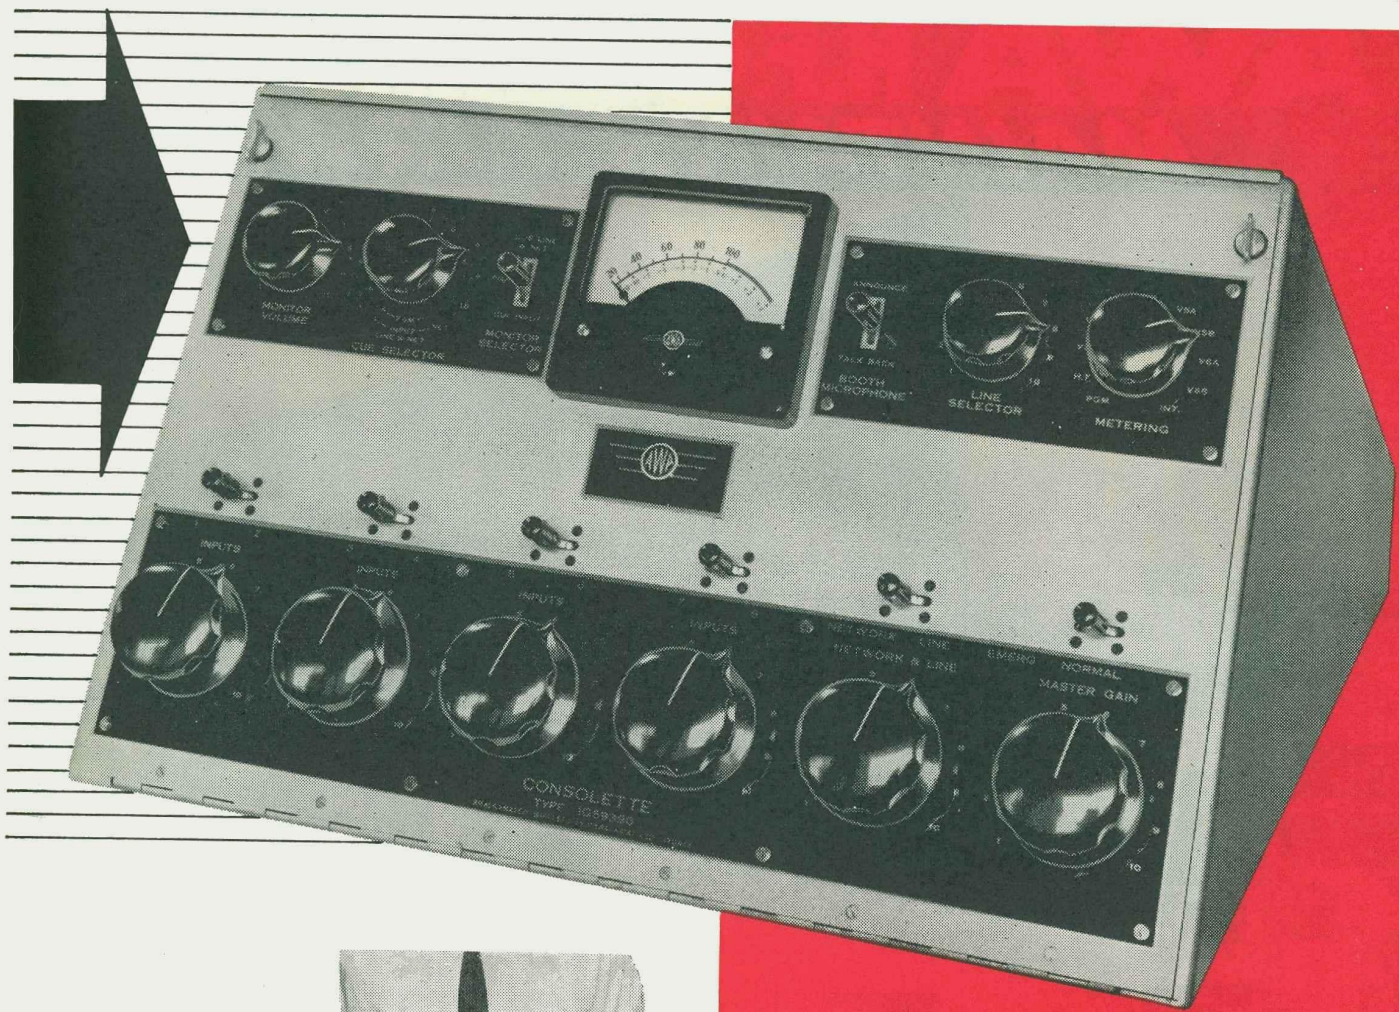

PICTURES SHOW EASE OF MAINTENANCE

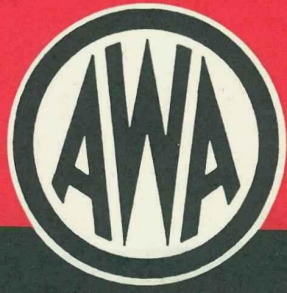

Front panel hinges forward for easy access to rear.

Chassis pivots upwards for servicing of underside components.

Chassis easily removed for major maintenance and replacement.
